

Mechanical Engineering Club **Presidential Nomination Form**

Important dates:

Nominations due: **March 12th at 11:59 PM MST**

Campaigning period: **March 13th-19th**

Voting Period: **March 20th-23rd**

Nominations are due **Wednesday, March 12th at 11:59PM**. Late nominations will be considered incomplete and will, therefore, not be accepted. Your nomination package must include this form, filled out in full, in addition to a **cover letter** that outlines your platform. Failure to complete the nomination package disqualifies an individual from the election (i.e cannot hand in a form with no cover letter). A nominee must be a current mechanical engineering club executive member in good standing (must have attended one Mechanical Club meeting). The people who endorse a nominee must be a current executive member. The election will be held from **March 20th-23rd** and is open to all current mechanical engineering students.

Please hand the form into the current CRO (Jade Belisle) either in person or emailed to jbelisle@ualberta.ca
